I. IMPORTANT ACHIEVEMENTS UNDER CENTRAL FLAGSHIP SCHEMES

A. End-to-End Computerization of Targeted Public Distribution System (TPDS)

- The Department has undertaken the Computerisation of the Targeted Public Distribution System Operations in the State as per the guidelines specified by the Hon'ble Supreme Court of India. This project was started from 2012-2013 which is divided into two parts such as Component-I and Component-II where Component-I consists of digitization of Ration Cards, Supply Godowns, District Supply Offices and Depots as well as setting up of Transparency Portal, Grievance Redressal mechanism using toll free numbers, generation of Online Allocation and Supply Chain Management. Component-II consists of Fair Price Shop Automation.
- Digitization of all District Offices, Supply Godowns, Depots, FPS and Ration Cards including all beneficiaries had already been completed. For transparency, dissemination of information, the Department has created a web portal through which the public can access all the information and details regarding allocations of food grains to districts/villages and FPSs, Stock availability of Foodstuffs in Godowns/FPSs, Ration Card details etc. For lodging of complaint and grievances, a toll free number (1967) is active. The process of generation of online allocation, movement of Foodstuffs till the Godowns and Fair Price Shop Automation was also implemented.
- The completion of the Computerisation of TPDS operations will eliminate the phenomenon of bogus/ghost Ration cards as well as prevent the leakages of Food grains from the entire Supply Chain till Fair Price Shop level. This will go a long way not only to overcome the foodstuffs shortages in the State but will also bring in 100 % transparency in the TPDS operations in the state through Transparency Portal v.i.z mizoramtpds.nic.in which is already created.
- For the implementation of the scheme, online allocation is already completed and Supply Chain Management is also implemented in more than half of the total Supply Centres activated within the State. For the implementation of component-II i.e. FPS Automation, 100% of installation & uses of electronic Point of Sale Devices (e-POS) to all Fair Price Shops was being done within the State.

- The Government of India has accepted Rs. 9,10,09,016.00 as a Total Fund admissible. Ratio of Central share & State share is made at 90:10. The Government of India has released Rs. 4,91,44,000.00 as a 1st Instalment and Rs. 2,45,73,000.00 as a 2nd Instalment from Central share and the State Govt. has released. Rs. 54,61,000.00 as a 1st Instalment and Rs. 27,30,000.00 as a 2nd Instalment from State share. Therefore, the Total Fund received from Central & State Govt. is Rs. 8,19,08,000.00 .The total expenditure from Fund received is Rs. 6,47,95,000.00 till date & the actual Balance of Fund is Rs. 1,71,13,000.00/-.

B. FPS Automation
